**SAMPLE**  
STATEMENT OF ACCEPTANCE AND RESPONSIBILITY

We, Chadwick and Mary Beth Hayford, acknowledge that we have received and accepted the referral of Jose Manuel Coc Choc DOB: November 21, 2006, through All Blessings International, Inc., from Guatemala. We acknowledge that we have received pictures, a medical exam in both Spanish and English (the translation of which ABI does not guarantee) a general information sheet and lab testing for Hepatitis B, HIV and VDRL (the authenticity and accuracy of which ABI cannot guarantee).

In accepting this referral we acknowledge and have read carefully the following:

**1. GENERAL**

- 1.1 We acknowledge that we will work with ABI to provide us with an opportunity to create a family or enhance our family through adoption. We commit to provide our child/children with a loving, nurturing, stimulating environment in which to grow and thrive and a knowledge and appreciation of his/her/their country and culture of origin.
- 1.2 We understand that, although ABI approves us for adoption, this placement must also be approved by the United States Citizenship and Immigration Services (CIS), US Courts and Interstate Compact, where required, overseas referral source, overseas courts and officials, and the American Embassy in the country of origin. We acknowledge that any one of these persons or entities could deny our adoption. We further acknowledge that ABI cannot be held responsible for unforeseen events which may occur in, or which are initiated by, the country of origin, overseas referral source or US Government requirements. This may also include world events which may effect our adoption. Therefore, we acknowledge that ABI cannot guarantee the completion of this adoption.
- 1.3 We acknowledge that all fees paid to ABI, its agents or independent contractors or other entities overseas, are for services rendered; they are not payment for a child. All fees paid to ABI are non-refundable. We further acknowledge that ABI is not responsible for any fees set by any other person(s) or entities, either in the United States or in the overseas country. ABI does not keep and cannot guarantee, the refund of any expenses/fees/costs paid by us to any individual, organization, or other entity involved in this adoption.

- 1.4 We acknowledge that ABI works cooperatively with local agencies and CIS approved social workers in the United States for home study and supervision services as well as individuals, organizations, and government entities overseas. The overseas placement programs involve working with, but are not limited to, agencies, attorneys, child care institutions, doctors, missionaries, adoption facilitators and/or independent contractors.
- 1.5 During the adoption process, we agree to not make any contact, either personally nor through a third party, with any individual or entity in the overseas country which includes, but not limited to, independent contractors, coordinators, orphanage or medical personnel, government officials or the American Embassy unless specifically instructed by ABI.
- 1.6 We acknowledge that we will be responsible for, but are not limited to, any and all medical, psychiatric or counseling expenses, child care, legal or miscellaneous expenses for our child/children commencing at the earliest time, either when we accept physical custody in the country of origin or his/her/their departure from the country of origin and continuing thereafter.
- 1.7 We acknowledge that we are solely responsible for paying all fees and costs involved in my/our adoption including, but not limited to, home study/supervision fees, ABI fees, overseas fees, transportation and escorting fees, where appropriate, travel expenses including individual airfares, accommodations including lodging and food, internal travel costs, CIS and court fees and any other expenses relating to our adoption.
- 1.8 We acknowledge that when we travel to the country of our child's/children's origin, we are representing not only our family but ABI, the United States and future adoptive parents. We will act in a respectful, ethical and courteous manner so as not to damage the reputation of ABI, its' independent contractors nor the future of adoptions from that country.

## 2. PREPLACEMENT

- 2.1 Before accepting the referral of this/these child/children, we have read, understood and accepted the child referral information provided by ABI. We have shared the child referral information with our pediatrician, international medical expert, developmental or any other specialist pertaining to our child's/children's specific medical needs, where appropriate. We acknowledge that ABI, its agents or independent contractors will not personally conduct an assessment, evaluation, testing, or background investigation of this child/children, but instead must rely on information provided by the overseas referral source, organization or institution with custody of the child/children.
- 2.2 We will cooperate fully with ABI for the completion of our adoption which may include, but is not limited to: (1) completing all applications,

Adoptive Parents' initials \_\_\_\_\_

forms, and documents required to complete, facilitate, and finalize the adoption in a timely manner; (2) reading educational material to familiarize ourselves with the issues of transracial, where appropriate, and cross cultural placements, the availability and level of child and medical care in the country of origin, developmental, emotional, and psychological issues, the effects of institutionalization and maternal abuse of alcohol, where appropriate, fetal alcohol syndrome/fetal alcohol effect, disrupted home life, physical and sexual abuse, poor or inadequate nutrition, and the issues affecting the medical, mental, physical, and social developmental of children from the country of origin, where appropriate, plus the issues, reality, and risks of international adoptions, as well as a minimum of ten hours of pre-adoptive training as mandated by the Hague regulations; (3) disclosing accurately and truthfully to the best of our ability, all information requested during the application for adoption, home study, and supervision, and adoption process; (4) signing documents overseas as required by local officials or to satisfy local requirements.

- 2.3 We agree to notify ABI immediately should a pregnancy occur during any part of the adoption process. We further agree not to accept a placement from another agency until our child/children has/have been in our home for six months and the adoption is finalized, if applicable.

### **3. POST PLACEMENT**

- 3.1 It is our responsibility to take our child/children to a medical facility immediately following arrival and to continue to provide appropriate medical, psychological, and dental care according to the child's/children's age and condition. It is our responsibility to submit to full medical testing for our internationally adopted child immediately upon entrance to the US. We will provide our child with educational opportunities at the level of accepted standards for our state.
- 3.2 We acknowledge that ABI requires minimum of six months post placement supervision with three written reports from our home study/supervising agency or INS approved social worker even if the adoption was completed in the country of origin for adoptions from Guatemala. For China ABI requires a minimum of three post-placements to occur at one, six and twelve months following arrival. We also acknowledge that the country of origin and/or overseas contacts may require additional supervision reports. We will cooperate fully including providing appropriate family and individual pictures of our child/children.
- 3.3 Where ABI continues to have a legal relationship with our child/children, we will notify ABI immediately of any significant changes in our child's/children's medical condition, including physical or sexual abuse, family situation including residential moves and/or phone number, pregnancy, serious illness of either parent, loss of employment for principal provider, separation, divorce, or death of a parent. If we or ABI feels that it would be in the best interest of our child/children, we will

Adoptive Parents' initials \_\_\_\_\_

cooperate in making alternative plans for our child/children until ABI can make appropriate replacement arrangements. We also acknowledge that ABI will not reimburse any costs of the adoption fees or adoption expenses, cost of child care, medical, or legal expenses or any other expenses that we have incurred.

- 3.4 If the adoption is completed in the country of origin or when the adoption has been completed in our state of residence, we acknowledge that, as the legal parents of our child/children, we have full legal responsibilities to make alternative plans for our child/children should we be unable to continue to parent. ABI will endeavor to provide supportive services and assistance. We further acknowledge that ABI and its employees, officers, directors, agents, or independent contractors, past or present, are not responsible to take legal or financial responsibility for, or custody, of the above named child/children. Children adopted from Guatemala, China, Haiti or El Salvador are all considered to have completed adoptions when the children enter the United States, although re-adoption may be required, dependent on the type of visa issued. Should we decide to dissolve the adoption we are aware of the above information and have been advised that ABI Dissolution policy is available online at [www.kentuckyadoptionsservices.org](http://www.kentuckyadoptionsservices.org) under the Hague Disclosures page.
- 3.5 When the adoption is not completed in the country of origin, we will file with the appropriate court in our state of residence, following the required supervision period, to adopt the child/children named above in a timely manner and provide ABI with a copy of the adoption decree. Where appropriate, we acknowledge as a married couple that, if both parents did not travel to the country of origin and meet the US Immigration requirements, we will adopt the child/children in our state of residence in a timely manner and provide ABI with a copy of the adoption decree.
- 3.6 In recognition of our responsibility to ensure that our child is afforded the full rights and privileges of American citizenship, immediately following the adoption, either in the country of origin or state of residence, we will file for US citizenship for our child /children. Proof of citizenship will be provided to ABI in a timely manner.

#### **4. PERSONAL INJURY**

- 4.1 If we are required to travel overseas to adopt our child/children in the country of origin, ABI may be of assistance with travel arrangements, accommodations, and translators to the best of their ability. We acknowledge that, despite ABI's and/or its independent contractors' sincere efforts to make all trips trouble free, travel to and within foreign countries and accommodations there involve meaningful risks of accidental death or injury, intentional crimes, property damage or loss, trip interruptions or cancellation, civil unrest, illness, medical emergencies, a need for medical evacuation and a range of other potential problems that

Adoptive Parents' initials \_\_\_\_\_

could entail economic losses, pain and suffering, or other injuries or damage that could affect us or the above named child/children.

- 4.2 We have been informed by ABI of the recommendation to investigate the purchase of insurance for our trip to adopt the above named child/children, where required, to cover some or all of the losses listed previously. We have purchased such insurance or we waive any right to do so. We agree to be personally responsible for any and all costs related to these problems which might occur during our trip. We also specifically waive any claims against ABI, its employees, officers, directors, agents, and independent contractors, past or present, for any losses, pain and suffering, injuries or other damages during our trip, either to ourselves or the above named child/children.
